Built for business the B440 has performance, reliability and versatility at its core. Robust and powerful it will speed through large workloads keeping work flowing in the busiest of offices. Ultra-reliable digital LED technology provides superb print quality while high capacity paper trays, toners and automatic 2-sided printing keep user interventions and running costs low. Fast, reliable and feature-rich the network ready B440n delivers high performance cost effective A4 mono printing making it a superb workgroup printer.

Workgroup performance

True 1200 x 1200dpi digital LED Technology produces high quality documents delivered at an impressive 28 pages per minute (ppm) with the first printed page seen in just 5.5 seconds. System integration is made easy with networking and PCL/PostScript emulations as standard while automatic two-sided printing saves paper and reduces costs. Powerful performance combined with a 530 sheet paper tray and high capacity toner options make the

B440 the workgroup printer of choice for both corporate customers and small to medium enterprises.

High performance printing for all

The network ready B440 enjoys that famous OKI ease of use. A front-facing LCD display gives clear, at-a-glance status information, the toner cartridge can be replaced in moments (it's the same with the paper). Powerful productivity software enables users to quickly get the most from their printer making life in the office easier than ever. Reliable, high quality printers that everyone in the office can depend upon and that's OKI.

Built for the workflows of business

The B440 makes light work of heavy of workloads with its high 70,000 page per month duty cycle, powerful processor and generous 64MB memory. Paper capacity can be expanded to over 1,100 sheets and with the potential for using 10,000 page toner cartridges the B440 keeps user interventions and running cost very low

Making life easy, keeping you in control

A 50 sheet multi-purpose tray (MPT) makes feeding of unusual paper sizes or media types easy and straightforward. Letter headed paper, business cards and even CD/DVD labels can be produced and printed on demand. Tasks effortlessly completed with the help of Template Manager, OKI's powerful software program providing ready-made templates, for many different kinds of office document. Management and control is straightforward on the B440 with the help of powerful easy to use software tools:

- Print Control - for tracking usage and controlling access for tighter cost control.
- PrintSuperVision - browser-based monitoring and management of all your network printers, regardless of make or model.
